The University of Minnesota Crookston, again, ranks in the top 20 among the nation's best online colleges according to TheBestSchools.org. That organization's recent listing of "The 50 Best Online Colleges for 2015-2016" places the U of M Crookston at #19.

Inclusion on the list is based on such factors as academic excellence, faculty credentials, student support, awards, rankings, and reputation, including the school's reputation for effectively providing online degree programs. TheBestSchools.org is an online resource for prospective students seeking a college degree. The organization notes that it includes traditional campus-based schools like the U of M Crookston only if they offer "an extensive and robust array of online degree programs."
